Paitoon Jumea

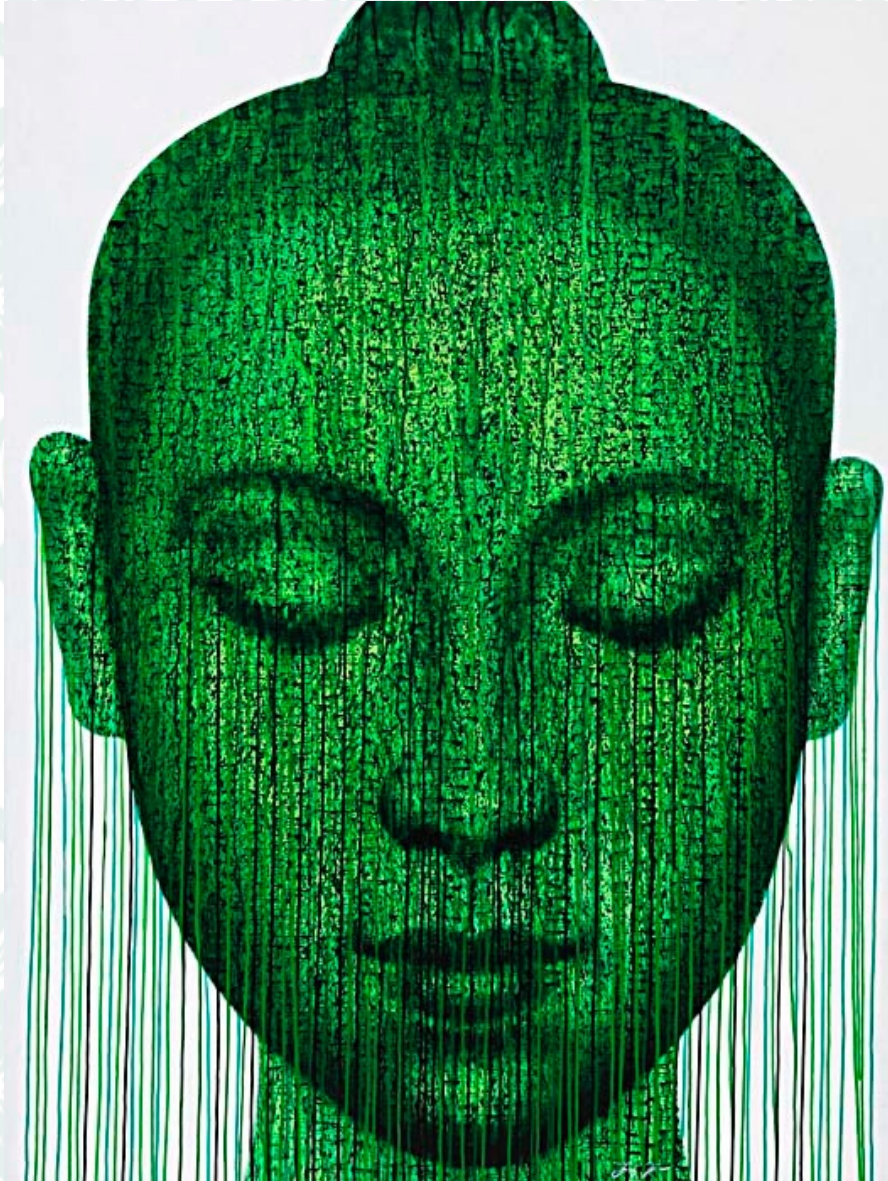

"Paitoon's bold female portraits and stunning figurative male nudes are highly sought after by collectors all over the world. Tusk Gallery has been exhibiting the artwork of Paitoon Jumea for around 10 years. Paitoon's portraits contrast the masculine and the feminine - highlighting the delicate features of the female face including the neck, eyes, and jawline, whilst using masculine colours and raw textures. His pieces successfully represent elements of traditional Thai aesthetics whilst also maintaining a fundamentally contemporary feel that appeals to viewers all over the globe. Education: Art Studies, Thai Vijitsil Art School 1993-96; Pohchang University 1996-98. Selected Exhibitions: 2008 Art Expo Malaysia 2009 Aesthetics of body, Silom Galleria, Bangkok 2011 Melbourne's Affordable Art Fair, Australia 2011 Lady First, V64 artstudio, Bangkok 2012 Group Exhibition, 'Black and White Paintings', V64, Bangkok"
